Oshawa, ON, L1J 8N5

Families' experiences and stories continually teach and reinforce to us all, that when small groups of people come together to figure things out powerful and important changes can take place.

Our hope is that as people casually gather together, have a cup of coffee and some conversation with other parents from the Durham area that there is an opportunity for some sharing of information and stories. There is the potential for parents to learn from one another to support each other, to dream and plan for their children.

*Family Leadership Initiative*

Please call if you need assistance with travel or care for a family member in order to be here and we will try to work that out on an individual basis.
